

DOCUMENT CONTROL STAMPS

electric time / date / number / text stamps

DOCUMENT CONTROL STAMPS

electric time / date / number / text stamps

"When did we ship this order?" or "What day did we receive this?"

Never again be at a loss as to when things are occurring in your business. Our ET series electric stamps provide an efficient, cost effective way to register time, date, and numbers on your important documents. These heavy-duty stamps allow for specific customer information such as *Company, Department Names, or Locations*. Action notations such as *Received, Filed, or Shipped* can also be printed on documents.

These easy to use devices allow for quick recording of date and time or control numbers on all your business forms, in thickness from onion skin to 1/4" thick envelopes.

From Airports to Zoological Gardens – anywhere records are kept – anywhere document control is required – Acroprint has the solution.

Features/Benefits

- Quality designed timing motor provides the highest accuracy
- Electronically controlled printing assures clean instant registration
- Print control adjustment allows for multi-copy printing
- Precision metal typewheels designed to withstand thousands of registrations per day
- Auto feed/reverse guarantees longer ribbon life
- ET series stamps offer impact/corrosion resistant case with security lock

Model ET

Accessories

- Extension trigger to allow printing 1/8" to 1/4" from edge of form
- Reverse type for printing at the bottom of the document
- Electric interlock switch to prevent printing
- Upper and/or lower die plates for custom-engraved message

Model Description

- ET** TIME-AND-DATE (prints year, month, date, time)
- ETC** TIME-AND-DATE stamp with digital time display (prints year, month, date, time)

Model ETC
