

Rapidprint

Rapidprint Automatic Time Stamps

Rapidprint has been a leader in the development and production of automatic time and date stamps for over 50 years.

Whenever you need a printed record of time and date, a Rapidprint automatic time stamp can do the job. Simply insert the form, document, or letter for an instantaneous time-date imprint. New solid-state circuitry assures a clear, easy-to-read imprint every time. Adjustable stamping force accommodates single-sheet or multicopy (carbon or NCR) paperwork.

Model AR-E

AR-E Series:

Our most popular models, these AR-E Series stamps print anywhere across the *top or bottom* of a document (prints horizontal to the inserted edge of the document).

VAR-E Series:

When an imprint must be located further than 1 5/8" from the top or bottom of a document the VAR-E series is needed. These stamps print anywhere along the *left or right margin* of a document (prints perpendicular to the inserted edge.) See back page for VAR-E series information.

TIME STAMP APPLICATIONS

- Mail Room - verify receipt of incoming mail
- Banks - stamp deposit slips to verify deposits
- stamp vault-entry documents
- Restaurants - stamp guest checks to measure meal preparation and/or serving time
- Procurement Offices - stamp incoming bid documents to verify pre-deadline receipt
- Hospitals - stamp lab documents to verify completed test procedures
- Tax Office - stamp customer receipts to verify paid tax
- Stock Broker - fulfill legal requirements to record time and date on buy/sell documents

Rapidprint

Model ARC-E

OUTSTANDING FEATURES

- A Rapidprint time stamp is easy to use. Just insert the document and it is instantly printed with the time and date.
- Unlike handwritten records, the printed record is accurate and easy to read.

Also . . .

- Electronic circuitry assures dependable service and simplified maintenance.
- Provides a strong imprint every time.
- Durable brass typewheels provide superior imprints.
- Rugged metal housing, stainless steel paper plate and sturdy case lock discourage tampering.
